100 YEARS 1922-2022

FIRE PREVENTION WEEK™

Join NFPA in celebrating the 100th anniversary of Fire Prevention Week (FPW). This year's FPW campaign, "**Fire won't wait. Plan your escape**", works to educate everyone about simple but important actions they can take to keep themselves and those around them safe from home fires.

Today's homes burn faster than ever. You may have as little as two minutes (or even less time) to safely escape a home fire from the time the smoke alarm sounds. Your ability to get out of a home during a fire depends on early warning from smoke alarms and advance planning.

It is important for everyone to plan and practice a home fire escape. Everyone needs to be prepared in advance, so that they know what to do when the smoke alarm sounds. Given that every home is different, every home fire escape plan will also be different.
